

Say The Name

Kimber Rising

~Verse 1~

Your heart is beating in the moment
Thunder crash without a warning
You're looking for a flash of hope
To take your fear away Everything that you could count on
Is gone with the wind around you
And in your desperation, you're looking for a way*Chorus*

Just say the name
And everything changes
Just say the name
And watch the raging sea be still
Just say the name
He's a shelter like no other
There's never ending power
When you say the name

When you say the name~Verse 2~
Sometimes we make it complicated
Sometimes we get so disconnected
To the very simple truth of who Jesus is
He is the maker of the Universe
The very breath of God in us
Can't contain the priceless gift
That we hold everyday*Chorus*

Just say the name
And everything changes
Just say the name
And watch the raging sea be still, yeah
Just say the name
He's a shelter like no other
There's never ending power
When you say the name~*Bridge*~

Of Jesus
Glorious Messiah
Wonderful Jehovah
The Great I Am
Beautiful Redeemer
Merciful Master
The Lion and the Lamb*Chorus*
Just say the name

And everything changes
Just say the name
And watch the raging sea be still
Just say the name
He's a shelter like no other
There's never ending power
When you say the name Everything changes
Just say the name
And watch the raging sea be still
Just say the name
Above any other
There's never ending power
When you say the name
