

# Gone

## Nelly

Gone, she got me gone  
Girl, you know you got me gone  
Nelly got me gone, gone, gone, gone  
Boy, you know you got me gone  
Remember that chick that used to live  
Right up the block from me  
I seen her yesterday and she still fly  
She still right, still tight, still fine  
Yep, I still wanna make her mine  
And I, I want much more than just a moment  
See I ain't tryna lease or try to rent, I'm tryna own it, yeah  
This time I'll make my move, this time I'll show and prove  
Prove that I'm really irreplaceable  
Plus, I don't know if she ever been told  
But I got whatever she needs, yeah  
And whichever way we go  
No one could ever take what we've got  
Right here between one another  
Don't care what they say, you gon' be my lover  
And if it's in love, baby, I wanna fall  
Just promise me, baby, you'll be here through it all  
I'll do it again if I had to, throw this money at you  
Girl, you know you got me gone  
I'll do it all again if I had to, you ain't gotta ask, boo  
Boy, you know you got me gone  
Kelly got me gone, gone, gone, gone  
Girl, you know you got me gone  
Nelly got me gone, gone, gone, gone  
Boy, you know you got me gone  
You know I still got the love for you, baby  
You still be drivin' me crazy  
And all of my heart will forever be yours  
And no one could ever break what we've got  
Right here between one another  
Don't care what they say, you gon' be my lover  
And if it's in love baby, I wanna fall  
Just promise me baby, you'll be here through it all  
I'll do it all again if I had to, throw this money at you  
Girl, you know you got me gone

I'll do it all again if I had to, you ain't gotta ask, boo

Boy, you know you got me gone

Kelly got me gone, gone, gone, gone

Girl, you know you got me gone

Nelly got me gone, gone, gone, gone

Boy, you know you got me gone

Look shawty I done told you once

Pay attention, I'ma tell you twice

I've been around the world

But I've never met a girl like you in my whole life

There's something you need to know

You make me wanna get physical

You make me wanna get intimate

Into it, I'm fixin' the plug

All my heart and all my time

I give you anything that you want baby, just name your price

Mine is yours and yours is mine

Trust me that's a fact, girl, you ain't gotta ask, 'cause

I don't know if you've ever been told

But I got whatever you need, girl

And whichever way we roll

No one could ever take what we've got

Right here between one another

Don't care what they say, you gon' be my lover

And if it's in love, baby, I wanna fall

Just promise me, baby, you'll be here through it all

I'll do it again if I had to, throw this money at you

Girl, you know you got me gone

I'll do it all again if I had to, you ain't gotta ask, boo

Boy, you know you got me gone

Kelly got me gone, gone, gone, gone

Girl, you know you got me gone

Nelly got me gone, gone, gone, gone

Boy, you know you got me gone

Boy, you know you got me

Gone, gone gone, gone, gone, gone

Gone, gone, gone, gone, gone, gone

Gone, gone, gone

You know I'll do it again if I had to, throw this money at you

Girl, you know you got me gone

I'll do it all again if I had to, you ain't gotta ask, boo

Boy, you know you got me gone

Kelly got me gone, gone, gone, gone

Girl, you know you got me gone

Nelly got me gone, gone, gone, gone  
Boy, you know you got me gone
