Going Going Gone

Howie D

Must?ve been a time when, yeah
Must?ve been a time when you were all mine
So let me tell you
It went like this
Was it real? Did I imagine it?
Something I created in my head?
When we sat on my bed
And you said, ?Baby, baby?
Were you teasing when you called my name?
(Call my name)
I felt love, I bet you felt the same
When you sat on my bed
And you said, ?Blah, blah, blah, blah?
Must?ve been a time when you were all mine
Something came between us
Over and over in my mind
Trying to find a reason, I can?t take it back
Where has the love gone?
Going, going, gone
(Going)
Going, going, gone
(Going)
Going, going, gone
Now I know that it was all a game
(All a game)
I bet you told your next doll the same
When you sat on her bed
And you said, ?Blah, blah, blah, blah, blah?
Must?ve been a time when you were all mine
Something came between us
Over and over in my mind
Trying to find a reason, I can?t take it back
Where has the love gone?
Going, going, gone

No!
Must?ve been a time when you were all mine
Something came between us
Over and over in my mind

Trying to find a reason, I can?t take it back
Where has the love gone?
Going, going, gone
Going, going, gone
(Must?ve been a time when)
He said he loved me
(Over and over)
He was my baby
(Must?ve been a time when you were all mine)
No he don?t love me
(Over and over in my mind)
I don?t know why
Must?ve been a time when you were all mine
Something came between us
Over and over in my mind
Trying to find a reason, I can?t take it back
Where has the love gone?
Going, going, gone
Must?ve been a time when you were all mine
Something came between us
Over and over in my mind
Trying to find a reason, I can?t take it back
Where has the love gone?
Going, going, gone
Must?ve been a time when you were all mine
Something came between us
Over and over in my mind
Trying to find a reason, I can?t take it back
Where has the love gone?
Going, going, gone
