

Gone for Good

TEEN

It was first cold of October
When I knew you were gone for good
No longer a friend no longer a lover
I shook from the chill and wept where you stood
And that night wasn't given for us
Even though we waited years
And that night wasn't given for us
I turned on my light
Hoping to find your body blooming over me
All I saw was shadow of your vacancy
I touched my lips to find a childish bliss
It had been taken by the women who owned your kiss oh
And that night wasn't given for us
Even though we waited years
And that night wasn't given for us
Love wasn't designed for trust
Tension only brought us fear
Love wasn't designed for us
Oh I will burn the house down
And the jealousy
How it kills me
I know it won't happen for us today
But baby there is no such thing as too late
I know then you're gone for good
Gone for good, gone for good, gone for good
And that night wasn't given for us
Even though we waited years
And that night wasn't given for us
