

# Jealousy

## Stereophonics

Jealousy, my devil  
Jealousy, my hell  
Jealousy, insomnia  
Jealousy, sleep well  
Innocence, is heaven  
Innocence, is hell  
Innocence, in everyone  
Innocence, is dead  
Four and twenty black boys singing in the street  
Getting high, most things, wishing they were free  
My angel, my devil, my hell, my heaven,  
My storm, my calm, my photograph in my palm  
Four and twenty white boys singing in the street  
Getting high, most things, wishing they were free  
I been your bridge, yeah  
I been your boy  
I been your teacher  
I been your joy  
I been your drunk  
I been your home  
I been your rock  
You been my stone  
Four and twenty poor boys singing in the street  
Getting high, most things, wishing they were free
