

# Turn It Up

## Anvil

[Chorus:]

Turn it up

Turn it up Make it loud so we all can hear

Yell it loud when you start to cheer

Don't tell me that I can't relate to you [Chorus] (x2) Show support and that you care

Clench your fist and punch the air

Don't tell me that I can't get through to you [Chorus] On eleven we're all in Heaven

When it's loud we're feeling proud

With the power the weak will cower

Hear the sound shake the ground

It's the drive that makes you feel alive [Chorus] Give it all without a fear

I want to hear you all loud and clear

Don't tell me that I can't relate to you [Chorus] On eleven we're all in Heaven

When it's loud we're feeling proud

With the power the weak will cower

Hear the sound shake the ground

It's the drive that makes you feel alive [Chorus] Give it volume so we can hear

Yell it hard when you cheer

Turn it up with your pride

Turn it up, the children' cried [Chorus] Stand on your feet and show you care

Clench your fist and punch the air Turn it up, never to fall

Turn it up, said one, said all

On eleven we're all in Heaven

No hearing aid, don't be afraid

To tunr it up loud
