

# Insomnia

## Wynter Gordon

Verse 1:

Don't eat, no matter how tired  
I can't sleep, I can't stop thinking why we can't make it work  
Compromise, 'cause I deserve it  
In my bed, tossing and turning  
In my head, fire still burning,  
Like the first, day we met  
The way we were, just can't forget it  
Hook:  
I wish, we could just be like so what  
Apologize and keep going  
Made mistakes, but we're strong enough to be moving on

Chorus:

Alone, Nights just seem so long  
There's too much time to think about it  
My head is overcrowded and oh, everything seems so wrong  
Stuck in this prison, I'm here living alone

I have Insomnia

Verse 2:

I'd pop pills if it could help me  
But still, I find myself sinking deeper in thoughts of you  
Why the hell am I trippin'?  
You're home, just dreaming  
I'm here, not breathing  
'Cause I can't close my eyes  
Can't turn it off, it's happened enough

Hook:

I wish, we could just be like so what  
Apologize and keep going  
Made mistakes, but we're strong enough to be moving on

Chorus:

Alone, Nights just seem so long  
There's too much time to think about it  
My head is overcrowded and oh, everything seems so wrong  
Stuck in this prison, I'm here living alone

I have Insomnia

Bridge:

Uh ha ha, Uh ha ha, Uh ha ha, Uh ha ha, Oh

Uh ha ha, Uh ha ha, Uh Oh

I'm not sleeping, I'm not resting

I'm right here on my own

Chorus Repeat 2x:

Alone, Nights just seem so long  
There's too much time to think about it  
My head is overcrowded and oh, everything seems so wrong  
Stuck in this prison, I'm here living alone

I have Insomnia Alone, Nights just seem so long  
There's too much time to think about it  
My head is overcrowded and oh, everything seems so wrong  
Stuck in this prison, I'm here living alone  
I have Insomnia  
I have Insomnia
