Angel

Laura Mvula

Is there any hope for love after death?
Thought I was an angel
one day we stopped believing
Screaming how did we come so far?
Our love, lost in a shooting starCherish all the lessons learned
We can see clearly now
the chapter's ended
Some kind of heavenly meaning
just reach out and take it
And find a way to move on
And find a way to move on
Though it felt like yesterday
We had ahead of us all we could dream of
And nothing came between us,
and now we have to face it
And learn to sing a new song
And learn to sing a new songIf this is where we part forever
I wish you the world of happiness
and everything you want
I will always remember our memories and journeys
Carry them safely in my heartIf this is where we part forever
I wish you the world of happiness
and everything you want
I will always remember our memories and journeys
Carry them always in my heart
If this is where we part forever
I wish you the world of happiness
and everything you want
I will always remember our memories and journeys
Carry them safely in my heartIf this is where we part forever
I wish you the world of happiness and everything you want
I will always remember our memories and journeys
Carry them always in my heart
