

Lola (feat. Jussie Smollett)

Empire Cast

This is dedicated to you
This is dedicated Pretty little girl
You got eyes like mine
Even fingers and your toes
Make me smile everytime I look at you, I see your face of me
Make me happy every time you count to three
Never thought my heart would ever be complete
Here's a lock and you can throw away the key
Said I'm in love with a L-o-l-a
Lola, Lola, Lola
Siad I'm in love with L-o-l-a
Lola, Lola, Lola
You're daddy's little girl
Baby girl, you are my world
See I'm in love with L-o-l-a
Lola, Lola, Lola Pretty little girl
You look just like your dad
Where you been all of my life
Oh baby, don't grow up too fast L-o-l-a, welcome to the Lyon family
One more time
