Big Idea

AJR

Pro tools and a mic and a big idea
Pro tools and a mic and a big idea
Pro tools and a mic and a big idea
Pro tools and a mic and a big ideaI've seen almost every side of the industry
Except the side we've been working seven years to see
Just some kids with pro tools and a mic and a big idea, but no IDsSo bar scenes weren't an option
Ukulele DJs
Only band in the genre
And we're dreaming of Bahamas
So pass around the bottle
Good music's still good even if no one is watchingNow you're on top of the world tonight
You can do anything you like
And through that struggle we made a star
You can do anything you want
And we're just children in a world of diversion
Trying to stick it to the man before we're grown
And through that struggle we made a star
You can do anything you wantPro tools and a mic and a big idea
Pro tools and a mic and a big idea
Pro tools and a mic and a big idea
Pro tools and a mic and a big ideaJohn's too big to fail
Make it superstar
His label's doing the thing and we were doing ours
Shame painted the discotheque
I was feeling kind of alone till I heard that track, oh
And now we celebrate
If only for today
No story's a fairytale
I don't know if we'll make it
But we're not too big to failNow you're on top of the world tonight
You can do anything you like
And through that struggle we made a star
You can do anything you want
And we're just children in a world of diversion
Trying to stick it to the man before we're grown
And through that struggle we made a star
You can do anything you wantAnd we're just children in a world of diversion
Trying to stick it to the man before we're grown
And we're just children in a world of diversion

Trying to stick it to the man before we're grownPro tools and a mic and a big idea
Pro tools and a mic and a big idea
Pro tools and a mic and a big idea
Pro tools and a mic and a big ideaOh, oohh
Now you're on top of the world tonight
You can do anything you like
And through that struggle we made a star
You can do anything you want
And we're just children in a world of diversion
Trying to stick it to the man before we're grown
And through that struggle we made a star
You can do anything you want
You can do anything you want
