

# Your Love (From "Once Upon a Time in the West")

**Jackie Evancho**

I woke and you were there beside me in the night  
You touched me and calmed my fear  
Turned darkness into light I woke and saw you there beside me as before  
My heart leaped to find you near  
To feel you close once more  
To feel your love once more Your strength has made me strong  
Though life tore us apart  
And now when the night seems long  
Your love shines in my heart  
Your love shines in my heart
