Watching you from a distance
Oh you know what I would say
But you never give me that chance
Because you always look awayYou're a genius
It's an ingenious little plan
(Little plan)To leave me here
(To leave me here)
Wanting moreDo you know what I've done for you?
Do you know what you put me through?
Do you know all the things I do?
I could never live up to youDo you know what it means to me?
Do you know what it does to me?
I know I will always be
Just a person you'll never seeI came up with a perfect plan
I thought you would understand
But you wouldn't give me a chance
Just a victim of circumstanceWhat was I supposed to do
I should've run from you
I didn't have a clue
Now I'm in this deep because of you, youYou never knew I existed
Even when I was steps away
You were all I could think of
You kept me awakeYou're a genius
It was an ingenious little plan
(Little plan)You left me here
(To leave me here)
And I want moreDo you know what I've done for you?
Do you know what you put me through?
Do you know all the things I do
I could never live up to youDo you know what it means to me?
Do you know what it does to me?
I know I will always be

Just a victim of circumstanceWhat was I supposed to do

Now I'm in this deep because of you, youI'm in this deep because of you
(You're a genius)
I'm in this deep because of you
(You're a genius)I'm in this deep because of you
(You're a genius)
I'm in this deep because of you
(You're a genius)I'm in this deep
