Country Christmas

Country Mike

Mommie pop the popcorn and we string it on the tree
Apples nuts and candy oh what a Christmas feed
Daddy play the organ and we'll all sing Silent Night
We'll have a good old country Christmas alrightA good old country Christmas that's what it's gonna be
With all the family gathered round our pretty Christmas tree
We'll open up our presents Christmas Eve about midnight
We'll have a good old country Christmas alright
[guitar]
Aunt Annie Belle will be here uncle Bill and there nine kids
We'll make pallets on the floor just like we always did
Grandma bake the pies and cakes oh what a pretty sight
We'll have a good old country Christmas alrightA good old country Christmas...
A good old country Christmas...
