

# Seville (demo)

## Pinback

They're gonna kill us all  
Oh sheena kneels  
And prays over the graves  
And wishes of her god to be so brave  
The roses she had picked  
Fall from her hand  
On to the ground which  
Will soon hold her  
Sheena Bella  
Sheena Bella walks and  
Sheena Bella strays

Oh, fetal Sheena counts off her last days  
The colors of the grass  
The shadows on the floor  
The precious things that she  
Had no time for  
She was only 4 years old  
She was barely 4 years old  
Sheena Bella  
They're gonna kill us all
