Interact

Enchant

Can you look into my eyes
Before I look away, can you catch my gaze?
Can you see what's deep inside
A lost and lonely man, can you understand?That I wear a mask of fear
I cannot be betrayed that's why I'm so afraid
To interact with the other side
Instead I act alone, decisions are my ownLook, listen
Me, myself and I, we will be alright
Living all alone in a dark and empty home
Just another loner trying to survive
Needing companionship to keep oneself alive
My body and soul are mine alone to share
Making conversation with someone who isn't thereIf I could just, if I could just
Interact, minds making contact
Interact when chemicals reactHow can you reach this burning man?
You sense his pain and passion, in silent scream he cries
His tale is told through his eyes
You cannot look too long before you hear his songLook, listen, listen
Me, myself and I, we are doing fine
Kid myself, I must, there's no one else I trustHow can I tell my secrets when we already know?
How can I show my fears when I've already shown myself
To myself, for myself, all by myself?
Interact, minds making contact
Interact when chemicals react
Interact, there's no turning back
If I could just interact, interact, if I could justMe, myself and I, we will be alright
Living all alone in a dark and empty home
Dark and empty home
