

# A Certain Kind (Yovav Edit)

## Soft Machine

A certain kind, of love, I'd say  
Exists for me, and every night  
Your kind of love sets me alight

And I know it's real, it's what I feel, what I feel  
And loving you the way I do  
Makes everything seem right again

And when you're near I know  
I know you just can't tell the time  
When you, it's just not right  
And so our love I see in you  
The things today, the things we do  
And when you're near I know  
You just can't see, well

I know it's real, it's what I feel  
And loving you the way I do  
Makes everything seem right again  
And when you're near I know  
I know you just can't see  
All the time of day  
I know you're mine, and all the time
