Doing It (feat. Rita Ora) [Westfunk Remix]

Charli XCX

We're staying all night
We never slow down
I think we better do it like we're doing it now
It's been a long time
Since we've been around
So come on, let's keep doing it like we're doing it
Doing it like we're doing itWaited so long just to be here
And now we're bringing this back to life,
Yeah, we're bringing this back to life
Want you to know how I miss ya
And now I got you right by my side,
Yeah, I got you right by my sideLocked inside my veins you're in my blood, in my blood
And we're united forevermoreWe're staying all night
We never slow down
I think we better do it like we're doing it now
It's been a long time
Since we've been around
So come on, let's keep doing it like we're doing it
Doing it like we're doing it now
Keep doing it like we're doing it
Doing it like we're doing itFriends like a team and a sucker
We're together we're so alive,
Yeah, together we're so alive
Bend like a jewel let it sparkle
Know that I got your back for life,
Yeah, I got your back for lifeLocked inside my veins you're in my blood, in my blood
And we're united forevermoreWe're staying all night
We never slow down
I think we better do it like we're doing it now
It's been a long time
Since we've been around
So come on, let's keep doing it like we're doing it
Doing it like we're doing it now
Keep doing it like we're doing it
Doing it like we're doing it now
Keep doing it like we're doing it
Doing it like we're doing itAll night long
We dancing to this song
We doing it, we going on and on, on and on

All night long
We dancing to this song
We doing it, we going on and on, on and onWe're staying all night
We never slow down
I think we better do it like we're doing it now
It's been a long time
Since we've been around
So come on, let's keep doing it like we're doing it
Doing it like we're doing it nowAll night long
We dancing to this song
Keep doing it like we're doing it
Doing it like we're doing it now
All night long
We dancing to this song
Keep doing it like we're doing it
Doing it like we're doing it nowWe're staying all night
We never slow down
I think we better do it like we're doing it now
It's been a long time
Since we've been around
So come on, let's keep doing it like we're doing it
Doing it like we're doing it now, baby
