

# Unlearn

## Full Blown Chaos

Too many times I've been struck down  
Fed lies to pacify  
Drawn away from the truth  
We are a dying breed Everyday we move closer  
The end drawing near  
Time will slip away  
If you drop your guard Unlearn and be reborn  
Your thoughts are not your own  
Unlearn and be reborn  
Only the wise will rise Take hold of common sense  
Sacrifice must be replaced  
No need for martyrs  
If we open your eyes  
Strength in numbers  
Makes for a larger target  
Can't isolate ignorance  
So I'll stand alone Unlearn and be reborn Take hold of common sense  
Sacrifice must be replaced  
Can't isolate ignorance  
So I'll stand alone Unlearn and be reborn  
Only the wise will rise  
Unlearn and be reborn Humanity has lost all it's instincts  
Our senses have been abandoned  
We must regain our lives  
Unlearn and be reborn  
Humanity has lost all it's instincts  
Our senses have been abandoned  
We must regain our lives  
Unlearn and be reborn
