

# Breakaway

## Diffuser

Another birthday passed me by  
I think I finally see  
It's time to move out and move on  
To bigger and better things All the stars shine so bright  
Maybe I should pack my things  
And fly into the sky I just gotta breakaway  
I just wanna breakaway I've fallen face down in the mud  
I never even slipped  
Maybe I'm too old to know  
I'm more than just a kid All the stars shine so bright  
Maybe I should pack my things  
And fly into the sky I just gotta breakaway  
I just wanna breakaway  
I just gotta breakaway  
And get back on my feet  
A little everyday Came to a fork stuck in the road  
My mind is crystal clear  
I know exactly where to go  
Anywhere but here All the stars shine so bright  
Maybe I should pack my things  
And fly into the sky I just gotta breakaway  
I just wanna breakaway  
I just gotta breakaway  
And get back on my feet  
A little everyday I just gotta breakaway  
I just gotta breakaway  
I just gotta breakaway  
And get back on my feet  
A little everyday
