

# Theme to St. Trinians

## Girls Aloud

Advisory - the following lyrics contain explicit language:

Make us worthy, make us proud  
Teach us not to be too loud  
We'll try and fit in with the crowd  
But we are St. Trinians We can't fake the way we feel  
We were born to keep it real  
Hockey sticks and balls of steel  
We are St. Trinians You bite us, we'll bite you back  
Better be scared when we attack  
Feel the fear we're maniacs  
St. Trinians Check out our battle cry  
A song to terrify  
No one can stand in our way We are the best, so screw the rest  
We do as we damn well please  
Until the end, St. Trinians  
Defenders of anarchy So scam all the toffs, the neats and the freaks  
Blackmail the goths, the slappers and the geeks  
And if they complain we'll do it all again  
We do as we damn well please ASBOs, the chavs, the emos and their mates  
To torment the slags we offer special rates  
And if they complain we'll do it all again  
Defenders of anarchy We are the best, so screw the rest  
We do as we damn well please  
Until the end, St. Trinians  
Defenders of anarchy  
St. Trinians So scam all the toffs, the neats and the freaks  
Blackmail the goths, the slappers and the geeks  
And if they complain we'll do it all again  
We do as we damn well please ASBOs, the chavs, the emos and their mates  
To torment the slags we offer special rates  
And if they complain we'll do it all again  
Defenders of anarchy Check out our battle cry  
A song to terrify

No one can stand in our way We are the best, so screw the rest

We do as we damn well please

Until the end, St. Trinians

Defenders of anarchy Victorious, rebellious

We do as we damn well please

Until the end, St. Trinians

Defenders of anarchy St. Trinians

Don't let the bastards get you down
