

# Fake Rain

[Sarah Hudson](#)

Like everyone else in Hollywood  
I'm good at make-believe  
I know how to make my entrance  
But I don't know how to leave  
'Cause this time it really hurts  
And this time it's just the worst  
'Cause I'm feeling it inside  
Gimme some fake rain, fake rain  
To hide my real tears  
Don't want you to see my pain  
Gimme some fake, fake rain, fake rain  
To wash your goodbye kiss away  
Just another day in Hollywood  
They towed away my car  
Gonna pull my act together  
Before I fall apart  
'Cause this time I'm feelin' weird  
I can't seem to shake the fear  
All over me as I cry  
Gimme some fake rain, fake rain  
To hide my real tears  
Don't want you to see my pain  
Gimme some fake, fake rain, fake rain  
To wash your goodbye kiss away  
Fake rain, ah, fake rain, ah  
Somebody save me  
Lock me up and medicate me  
I'm gonna get on a long train  
And get off where nobody knows me  
I'm tired of trying, my innocence dying  
I'm waiting and hating and everyday praying for  
Fake rain, fake rain  
To hide my real tears  
Don't want you to see my pain  
Gimme some fake, fake, fake rain, fake rain  
To wash your goodbye kiss away  
Make it go away, go away  
Make it go away, go away  
Go away, go away, go away
