

# Wastebasket

## A Shrine

Once to a friction, be often the wastebasket  
A little while, according to the picture  
But now this place's dead, I can't say that I'm sad, oh no  
Guess I found a new way, to stay head over heels, all the time  
Don't ask you to [...]  
As a drug can be  
Without lying  
Without lying  
Every [...] so far, since I threw you away  
[...] it's my old phone, don't want your help  
'Cause new things never lie, and you lied to me, yeah you did  
Fucking up myself, I know I always will  
Don't ask you to [...]  
As a drug can be  
Without lying  
Without lying  
Don't ask you to [...]  
As a drug can be  
Without lying  
Without lying  
Don't ask you to [...]  
As a drug can be  
Without lying  
Without lying
