Those Days (feat. Dan + Shay)

Lindsey Stirling

I remember, I remember those days
Laughing out loud, staying up too late
Staring at the window I still see your face
I remember, I remember those days
I remember those daysWe had a little bit of time but it's never enough
Remember driving all night, we'd be talking about love
Now that you're gone it sure is tough
We had a little bit of time but it's never enough
No it's never enoughI remember, I remember those days
I remember, I remember those days, yeah
I remember, I remember those days
I remember those daysI remember, I remember those eyes
You saw my heart without any disguise, yeah
In your arms there's nothing to hide
I remember, I remember those eyes
I remember those eyesI remember, I remember those days
I remember, I remember those days, yeah
I remember, I remember those days
I remember those daysI remember, I remember those days
I remember, I remember those days
I remember, I remember those days, yeah
I remember those daysI remember, I remember those days
Laughing out loud staying up too late
I remember those days
