

Nobody Else

[Axwell](#)

More life More life Nobody else, nobody else, nobody else, nobody else
Nobody else, nobody else, nobody else, nobody else
Nobody else, nobody else, nobody else, nobody else
Nobody else, nobody else, nobody else, nobody else If I can't have you, I don't want nobody else
Nobody else, nobody else
If I can't have you, I don't want nobody else
Nobody else, nobody else
If I can't have you, I don't want nobody else
Nobody else, nobody else
If I can't have you, I don't want nobody else
Nobody else, nobody else
Nobody else, nobody else, nobody else, nobody else
Nobody else, nobody else, nobody else, nobody else
Nobody else, nobody else, nobody else, nobody else
Nobody else, nobody else, nobody else, nobody else More life
If I can't have you, I don't want nobody else
Nobody else, nobody else
If I can't have you, I don't want nobody else
Nobody else, nobody else
