Shake it

Thom Hanreich

Yo, this is Aaron Carter
I wanna introduce you to my boys, 95 Cent
And it's all about this new dance
Called 'Shake it'
All around the world
Everywhere I go
I've learned a new dance
That I want you to know
You've got to shake it to the left
Shake it to the right
Shake it, everybody
'Cause it feels so right
Just shake it, just shake it
Everybody, just shake it
Everybody, just shake it
Now, what you want to do is
Shake it, bake it, twist it all around
Let Aaron take you through it
If you wanna get down
Just shake it to the left
Shake it to the right
Shake it, everybody
'Cause it feels so right
Just shake it, just shake it
Everybody, just shake it
Everybody, just shake it
All you gotta do
Is shake it all around
Come on, everybody
It's time to get down
And shake it to the left

Shake it to the right
Shake it, everybody
'Cause it feels so right
Just shake it, just shake it
Everybody, just shake it
Everybody, just shake it
95 South in the house, come on

95 South in the house, come on
Just shake it, just shake it
Everybody, just shake it
Everybody, just shake it
From London to L.A.
Down to Tampa Bay
Just shake it, just shake it
Frankfurt likes to shake it
New York likes to shake it
Japan likes to shake it
Come on everybody, just shake it
That feels so right, just shake it
Everybody, just shake it
Everybody, just shake it
Just shake it, shake it
Just shake it, shake it
Just shake it, shake it
Just shake it
Now, what you want to do is
Shake it, just shake it
Everybody, just shake it
Everybody, just shake it
