Silleon & Giddeon

drumfish

I got up early and I ate the worm
It didnt fill me but Im not concerned
The others are all sleeping, more for me
They will find Im not so kind
The worms are all for meLater in the evening I was in a daze
Daze, haze, faze the ways, the ways we always plays
Silleon and Giddeon, they were hungry too
Knocked my face down to the ground
(Must have been a hungry bitch)Its not the way the cat decides
I tell the cat I tell him II spend my days in the middle of the night
Sunshine, moonshine its better than the old sunlight
Shining, its shining, its breaking my heart
Shining, its driving a stake through my heart
