

I Want To Know What Love Is

[Wynonna Judd](#)

I gotta take a little time
A little time to think things over
I better read between the lines
In case I need it when I'm older
This mountain I must climb
Feels like the world's upon my shoulders
Through the clouds I see love shine
It keeps me warm as life grows colder
In my life there's been heartache and pain
I don't know if I can face it again
I can't stop now, I've traveled so far
To change this lonely life
I want to know what love is
I want you to show me
I want to feel what love is
I know you can show me
I'm gonna take a little time
A little time to look around me
I've got nowhere left to hide
It looks like love has finally found me
In my life there's been heartache and pain
I don't know if I can face it again
Can't stop now, I've traveled so far
To change this lonely life
I want to know what love is
I want you to show me
I want to feel what love is
I know you can show me
