All I Need

Forever Changed

Looking back I can see why you would leave.
I never knew what life would be like without you here.
But it's all been said before, and it's all been done before.I know you'll never be the same.
I know it's got to be this way.
I know you're all I need tonight.A second chance is ever on its way.
When you return I will do anything to make you stay.
But it's all been said before,and it's all been done before.I know you'll never be the same.
I know it's got to be this way.
I know you're all I need tonight.
I know you're all I need tonight.
