

# No Cigar

## THPS 2 OST

Tell us where you're from  
What you want to become  
And we'll say if you're okay  
Where did you go to school?  
Right answer and you're cool  
Yeah, you're the kid the whole day  
You get a sticker in your face  
Information about the case  
So you know your potential  
Don't think you can extend  
Don't think you can extend  
Just comprehend  
But I don't wanna hear it  
No, it's more than I accept  
'Cause I don't care where I belong no more  
What we share or not I will ignore  
I will ignore  
We will shut you out  
We'll put you in doubt  
If you think that you're special  
We'll tell you who you are

We'll tell you that you're close  
But no cigar  
But I don't wanna hear it  
No, it's more than I accept  
'Cause I don't care where I belong no more  
What we share or not I will ignore  
And I won't waste my time fitting in  
'Cause I don't think contrast is a sin  
What they say is  
Go back, where you came from  
They'll tell you that, I don't wanna hear  
No, I don't wanna hear  
No, I don't wanna hear it  
No, it's more than I accept  
'Cause I don't care where I belong no more  
What we share or not I will ignore  
And I won't waste my time fitting in

'Cause I don't think contrast is a sin  
No, it's not a sin
