

# Take All the Time You Need

## Oh Honey

You are sweet as honey bee  
I just can't believe you're mine  
You stuck around when I lost my head  
Oh, your love is so divine Sometimes I need space  
Get lost in my brain  
Stay so I feel safe You are sweet as a honey bee  
Won't you say that we'll be fine Oh my darling, take all the time you need  
Oh my darling, take all the time you need  
There ain't no place I'd rather be  
Oh my darling, take all the time you need You've got eyes honest as the skies  
I'd waste all my time with you  
Hair turns gray and the pictures fade  
But somehow our love stays new Some days I need change  
Most I can't complain  
Stay so I feel safe You've got eyes honest as the skies  
We're a knot they can't undo Oh my darling, take all the time you need  
Oh my darling, take all the time you need  
There ain't no place I'd rather be  
Oh my darling, take all the time you need Ooooooh, ooooooh, take all the time you need  
Ooooooh, ooooooh, take all the time you need You are sweet as a honey bee  
Say you'll be forever mine Oh my darling, take all the time you need  
Oh my darling, take all the time you need  
There ain't no place I'd rather be  
Oh my darling, take all the time you need
