The Danger In Starting a Fire (live)

A Day to Remember

So now you'll know exactly what it feels like
To be an obstacle in my way you won't remain, you won't remain
Save your breath, don't even speak
If you'll speak of change, 'cause you won't, you won't
Cut to the chase, spare the lecture
On what it takes to be a man
'Cause you're weak and I'm strong
I will never falter, I'll stand my groundYou're fake, a worthless coward your life won't mean anything
You're fake, a worthless coward your life won't mean anythingSo now you'll know exactly what it feels like
To be an obstacle in my way you won't remain, you won't remain
Let's set things straight what's done is done
I never needed youTell me exactly who you think that your kidding?
Everyone will be happy when they find that you're missing
You asked if we'd ever forget you,
We've got our fingers crossed, our fingers crossed
