

Earth Island (Noise Toy *Bootleg Remix*)

Crystal Fighters

Going about my ways happily
Living luckily growing naturally
Speaking softly
Dreaming oddly
Speaking honestly
Embody all ways of life energy
Everything is perfect actually
I know love will come eventually
Amazing, obviouslyCos baby I was swimming between the islands
The very smallest islands
In the depths of the ocean
When the universe opened
Opened to a diamond
Diamond of the chosen
Chosen to enlightenLife on the island
Silent little island
Rising like a mountain from the darkest of oceans
When the universe opened
Opened for the diamond
Diamond of the chosen
Born into the ocean
Cos the universe openedFor you and me
Eternally
For you and me
EternallyOh, for you and me
Eternally
For you and me
EternallyHigher than the summits
Riding the currents
Faster than a bullet
From the gun of a murdererHigher than the mountains
Shooting through the planets
Faster than a rocket
Flying through the universeFaster than a bullet
From the gun of a murderer
Faster than a rocket
Flying through the universeGoing about my ways happily
Living luckily, growing naturally
Speaking softly

Dreaming oddly
Speaking honestly
Embody all ways of life energy
Everything is perfect actually
I know love will come eventually
Amazing, obviouslyCos baby I was swimming between the islands
The very smallest islands
In the depths of the ocean
When the universe opened
Opened to a diamond
Diamond of the chosen
Chosen to enlightenLife on the island
Silent little island
Rising like a mountain from the darkest of oceans
When the universe opened
Opened for the diamond
Diamond of the chosen
Born into the ocean
Cos the universe openedFor you and me
Eternally
For you and me
EternallyOh, for you and me
Eternally
For you and me
Eternally
