

Next To You

Jordin Sparks

2 o'clock, and I wish that I was sleepin'
You're in my head like a song on the radio
All I know is I gotta get next to you
Yeah, I gotta get next to you

Sittin' here, turning minutes into hours
To find my nerve, just to call you on the telephone
'Cause you don't know that I gotta get next to you

[CHORUS:]

Maybe we're friends, maybe we're more
Maybe it's just my imagination
But I see you stare just a little too long
And it makes me start to wonder
So baby, call me crazy
But I think you feel it too
Maybe I, maybe I just gotta get next to you
(I gotta get next to you)

I asked around, and I heard that you were talkin'
Told my girl that you thought I was outta your league
What a fool, I gotta get next to you

Yeah, it's 5 in the morning, and I can't go to sleep
'Cause I wish, yeah I wish you knew what you mean to me
Baby, let's get together and end this mystery

[CHORUS:]

Maybe we're friends, maybe we're more
Maybe it's just my imagination
But I see you stare just a little too long
And it makes me start to wonder
So baby, call me crazy
But I think you feel it too
Maybe I, maybe I just gotta get next to you

Whatcha gotta say, whatcha gotta do
How ya get the one you want
To wanna get next to you?

Whatcha gotta say, whatcha gotta do
How ya get the one you want
To wanna get next to you?

Whatcha gotta say, whatcha gotta do
How ya get the one you want
To wanna get next to you?

Whatcha gotta say, whatcha gotta do
How ya get the one you want
To wanna get next to you?
Yeah, yeah
To wanna get next to you

[CHORUS:]

Maybe we're friends, maybe we're more
Maybe it's just my imagination
But I see you stare just a little too long
And it makes me start to wonder
So baby, call me crazy
But I think you feel it too

Yeah baby, call me crazy
But I know you feel it too
Maybe I, maybe I just gotta get next to you
Yeah, next to you
Yeah, yeah, yeah
I gotta get next to you
