

Sky High (Feat. Kanye West)

[Kid Cudi](#)

Look it I'm G-double-O-D Good
Back up in the blahs like a poppin' nigga should be
Never ever was a shoulda coulda woulda type
I am controlling what the people say they like
And no not the label this is dream on
Play my songs so you can witness what I'm on
Besides 808's ok now wait
When you hear my album it won't be hard to get a date
Yes M dub it, I'm Kickdrums strummin', hummin'
The product of a suburb is stonecold thorough
Very well ride and most people don't know though
Hey is that diddy in that photo? (Hell yeah)
Back home they don't know what I have went through to get to you, ya'll, everybody!
G.O.O.D. music up in the party
Paparazzi need not bother nobody
