

# Peace To the Mountain

## Coheed and Cambria

I learn to keep quiet, how to keep my distance  
Afraid to let strangers in, how to keep my secrets  
Did I ever have an idea of what this should have been  
An unhappy accident, longing for an origin  
So...

Let me go where noone can follow, lost with my conscience  
Please bury me honest, the song drones  
I drink myself hollow, regrets grow regardless  
Please bury me honesty, here I promise  
I'll go in peace  
No-no-no-no-no  
I promise I'll go in peace  
And I'm free...

Rejected to the brink, only so much I can change  
An artist I wish I could have made  
Am I irrelevant, oh

Or will I get a chance to change, change the colors permanent  
So... Let me go where noone can follow, lost with my conscience  
Please bury me honest, the song drones  
I drink myself hollow, regrets grow regardless  
Please, please, baby bury me  
Here I promise I'll go in peace, oh, oh No-no-no, oh, no  
I promise I'll go in peace  
And I'm free, free  
When I'm free, free

Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go

So... Let me go where noone can follow, lost with my conscience  
Please bury me honest, the song drones  
I drink myself hollow, regrets grow regardless  
Please bury me honesty, here I promise I'll go in peace, oh, oh  
No-no-no, oh, no  
I promise I'll go in peace

Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go

Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace to the mountain, girl I'm gonna go, go  
Peace...
