

Don't Say Goodbye

[Ric Sandler](#)

I don't know why, I love you.

I don't know why, I just do.

So give me one more chance and I'll save every dance forever, for you.

Without you I would die, Don't Say Goodbye.

I was a fool to be you.

I threw it all away.

I'm living everyday, hoping we could stay together, it's true.

Forget you're foolish pride, Dont Say Goodbye.

(Yeah!) So give me one more chance and I'll save every dance forever, for you.

Without you I would die, Don't Say Goodbye.
