

# One Friend

## Keb' Mo'

People come and people go  
They take and they give  
Build you up, just to let you down  
That's just the way it is But all I need is  
One friend, to get me through the day  
One friend, that never goes away  
Only one friend to understand  
And never let me down Well I've been in love and I've been in pain  
I'm a sinner and a saint  
And no matter, where I am or what I do  
It's you I appreciate My one friend, to get me through the day  
One friend, that never goes away  
Only one friend to understand  
And never let me down  
And never let me down Can't nobody love you  
More than you love yourself  
And as long as I've got my one good friend  
I don't need nobody else Just my one friend, to get me through the day  
One friend, that never goes away  
Only one friend to understand  
And never let me down All I need is one friend, to get me through the day  
One friend, never goes away  
Only one friend to understand  
And never let me down  
And never let me down
