Fall into You

Cosmic Gate & JES

What is life?
Without you in itI wish I was that strong
Without a reason to go onHow does this work?
If you're not here with meYou say we don't belong
And you're better off aloneBut you got me running, running, running so wild
Looking for a way to make it down that winding road
Cause I could fall into you
I'm gonna fall into you
In the still of the night
Take the thorn from my sideI'm gonna fall into you
Just fall into light
Under the midnight sky
I'm gonna close my eyes
And just fall into youAnd just fall into you
And just fall into you
And just fall into youCause I could fall into you
I'm gonna fall into you
In the still of the night
Take the thorn from my side
I'm gonna fall into you
Just fall into light
Under the midnight sky
I'm gonna close my eyes
And just fall into you
