Brother

X Ambassadors

Frozen in the place I hide Not afraid to paint my sky with Some who say I've lost my mind Brother, try and hope to find You were always so far away I know that pain So don't you run away Like you used to do Roses in a vase of white Bloodied by the thorns beside the leaves That fall because my hand is Pulling them hard as I can You were always so far away I know that pain And I won't run away Like I used to do Pictures in a box at home Yellowing and green with mold So I can barely see your face Wonder how that color taste You were always so far away I know the way So don't you run away Like you used to do
