

I'm Over It

Everlife

(I'm over it)

Hey guys I'm in trouble

I didn't mean to cause nobody harm

I can see I'll always have forgiveness

(yeah) inside I can feel it

I can almost hear it from your lips

Its cool your telling me to let it go (yeah)[Hook]

No cloud hanging over

No cloud hanging over me

No chains pulling me down

(I'm as free as I can be)[Chorus]

I don't have time today to worry bout tomorrow

You're the only way to forget my yesterdays

When I fill the deepest ocean, with the tears of my emotions

And make 'em dry yeah you're the reason why I'm over itI'm over it

No more regret

No more thinkin' bout the could have been

There's more to give than what you're giving up

I'm tied I'm tangled this life and I'm feelin' cold

Dear God, always make the most of meI'm staring out

Staring out to sea

Fears flyin' away I'm as free as I can be[Chorus]

I don't have time today to worry bout tomorrow

You're the only way to forget my yesterdays

When I fill the deepest ocean, with the tears of my emotions

And make 'em dry yeah you're the reason why I'm over itYour the reason why (staring out)

Your the reason why (staring out)[Hook]

No cloud hanging over

No cloud hanging over me

No chains pulling me down

(I'm as free as I can be)[Chorus]

I don't have time today to worry bout tomorrow

You're the only way to forget my yesterdays

When I fill the deepest ocean, with the tears of my emotions

And make 'em dry yeah you're the reason why I'm over itI don't have time today to worry bout tomorrow

You're the only way to forget my yesterdays

When I fill the deepest ocean, with the tears of my emotions

And make 'em dry yeah you're the reason why I'm over itNo more regret

No more thinkin' bout the could have been
