

Until Your Love Comes Back Around

RTZ

I thought I spoke to you last evening
I woke up cryin in my sleep
I dreamed that we were still together
But now I'm back out on the street

I've been runnin so hard
Tryin to find the place
Where my baby might be stayin
I've just gotta see her face

I know there's lots of lonely people
Cryin all around the world
And this is just another story
About a boy who lost his girl

Well I'm not expecting changes
To happen overnight
But baby if you're listening
Wont you come home and make it right

Until your love comes back around
Until your love comes back around
I can't get my feet back on the ground
And things wont seem the same

I hope you're thinking bout me baby
Though I don't wish you any pain
But if you miss me like I miss you darlin
You must be livin in the rain

I've been runnin so hard
Tryin to find the place
Where my baby might be stayin
I've just gotta see her face

Chorus

I hope you're thinking bout me baby
Though I don't wish you any pain
But if you miss me like I miss you darlin

You must be livin in the rain

Well I know we aint been speakin much lately

Lord, but you gotta bring her back to me

I wont make any promises that I can't keep

But you know I'm a better man when I'm not alone you see

Chorus
