

# I Found It In You

Lee Ann Womack

Everybody needs a reason to believe  
Something to keep'em going  
To set their soul on fire  
Make'em feel alive  
It's their inspiration

Some find it in living of the land  
Some find it in working for the man  
Some find it with a bottle in their hand  
That's what get's them through  
Some find it in a shiny limousine  
Some find in the magazines they read  
Some find happiness is out of reach  
No matter what they do  
Baby that's not me  
I found it in you

I always wondered when my search was gonna end  
And I'd find what I've been missing  
Now everything you are  
It goes right to my heart  
And it feeds this passion

Some find it in living of the land  
Some find it in working for the man  
Some find it with a bottle in their hand  
That's what get's them through  
Some find it in a shiny limousine  
Some find in the magazines they read  
Some find happiness is out of reach  
No matter what they do  
Baby that's not me  
I found it in you

You're my journey's end, my solid ground  
You're what I could never live without

Some find it in living of the land  
Some find it in working for the man  
Some find it with a bottle in their hand

That's what gets them through  
Some find it in a shiny limousine  
Some find in the magazines they read  
Some find happiness is out of reach  
No matter what they do  
Baby that's not me  
I found it in you  
I found it in you
