People Say (Alternate Version)

The Dixie Cups

Don't you ever leave me sad and blue
Don't you ever tell me we are though
Don't you ever hurt me if you do
Everything they're saying will be truePeople say, it's just a summer romance
People say, our love won't last for long
They're so sure, we will part
But I know deep in my heart that they are wrong(Well, I don't care what the people say)
So wrong
(I don't really care what the people say)It's just the way the stars shine
And it really isn't love at all
But each time that we kiss
I just know we'll be like this, summer, winter or fall(I don't care what the people say)
Oh, oh, oh
(I don't really care what the people say)Don't you ever leave me sad and blue
Don't you ever tell me we are through
Don't you ever hurt me, if you do
Everything you're saying will be truePeople say it's just a summer romance
But I know our love is here to stay
Let's go strolling by the sea
'Cause it doesn't bother me, what the people sayWell, I don't care what the people all say
(People say)
Yeah, yeah, yeah
(I don't really care what the people say)People say
(I don't really care what the people all say)
I don't really care
(I don't really care what the people say)
Yeah, yeah, yeah
