Do Me Anyway You Wanna

The Romantics

So sweet you're my desire
I dig deep and feel the fire
You can use me my love for hire
I can't sleep you got me wiredWhen you get close to me
My temperature's up and I feel the heat
And then you get close to meAh, do me anyway you wanna
Do me anyway you wanna
Do me anyway you wanna
Do me anyway you wannaThrow down, see it growin'
My heart's poundin' keep it goin'
Read a day, ready, ready, when you gonna
Do me anyway you wannaWhen you get close to me
My temperature's up and I feel the heat
And then you get close to meAh, do me anyway you wanna
Do me anyway you wanna
Do me anyway you wanna
Do me anyway you wannaDo me, do me, do me anyway you wanna, yeah
Do me, do me, do me anyway, anyway you wannaSo sweet you're my desire
I dig deep and feel the fire
You can use me my love for hire
I can't sleep you got me wiredWhen you get close to me
My temperature's up and I feel the heat
And then you get close to meAh, do me anyway you wanna
Do me anyway you wanna
Do me anyway you wanna
Do me anyway you wannaDo me anyway you wanna
Do me anyway you wanna
