

So Easy

Eagles of Death Metal

You're always saying, it's so easy.
any man I want I'll take him Make him
mine mine mine [repeat]

Less talking, let's see action
there's no time to waste it's time to make me your man

do do do doo it's so easy
I hear you praying, it's not easy
you're the man I want but I can't make you mine mine mine

Less talking let's see action there's no time to waste
it's time to make you understand
less talking let's see action there's no time to waste
it's all according to the plan...
do do do doo dee dee, it's so easy...
