

Here & Now

DeZtructor

Here and now
And now and now
And now and now
And now and now Here I am, You made it all so clear
I understand, I am just a stranger here
I leave it all behind, all that's left is gone
And I know about my mind, straight into Your arms Here and now we will stand with one voice hand in hand
We will never back down, we will never give in
Here and now we will sing with one voice and we bring
Our life as an offering we bring You everything Give me all the depth of the sweetest dreams
Which follow that I see, oh, You are eternal
Where could I, where could I, where could I go
I got You in the light with everybody's side
Lord, it's clear when I needed day and night So leave it all behind
To all that's left is gone
And we'll go with all our might
Straight into Your arms Here and now we will stand with one voice hand in hand
We will never back down, we will never give in
Here and now we will sing with one voice and we bring
Our life as an offering we bring You everything Lord, I give my life, no matter what it takes
'Cause You gave it all for me
With all of our hearts we sing, with all of our joy we bring
Everything we will bring, our everything, everything Here and now we will stand with one voice hand in hand
We will never back down, we will never give in
Here and now we will sing with one voice and we bring
Our life as an offering we bring You everything Here and now we will stand with one voice hand in hand
We will never back down, we will never give in
Here and now we will sing with one voice and we bring
Our life as an offering we bring You everything Here and now
Here and now
Here and now
