

# A Billion Tons Of Light

## Vega4

From the mountains to the oceans  
The places where we live  
From your mouth and on through  
My mouth, it is everywhere  
Pulsing in the heat of your warm breathIn the trains and on the runway  
In factories and schools  
From the safety of your long arms  
I reach endlessly from here  
Our fingerprints are everywhereYou're a daughter, I'm a son  
I almost said I love youA billion tons of light explodes  
We are illuminated now  
A billion tons of light explodes  
We are illuminated nowAs I lie against your body  
That will one day let you down  
From the safety of this moment  
I reach endlessly from here  
I reach endlessly, endlesslyThis adds up to more than us  
I almost said I love youA billion tons of light  
We are illuminated now  
A billion tons of light explodes  
We are illuminated now
