Turn Of The Century

For All Those Sleeping

Nothing you say will ever change
The things that you've done to me,
Now you'll have to learn the hard way
That you picked the wrong guy to fuck with!

I will make you listen,
I will make you feel pain,
I will make you listen
To every word that I say!

For the first time I've made up my mind,
This is the end, this is the end and you crossed the line,
You better believe this is the changing of time,
This is the turn of the century,
For the last time I'm saying goodbye,
This is the end, this is the end of all your wasted lies,
You better believe this is the changing of time,
This is the turn of the century!

Admit that you were always wrong!

Nothing you do
Will ever change all the hate that I have for you,
Now you'll have to learn the hard
That you picked the wrong guy to fuck with!

This is the end of you, and the lies of me!
This is the end of you, and the lies of me!
This is the end of you, and the lies of me!

This is your end!
This is your end!

For the first time I've made up my mind,
This is the end, this is the end and you crossed the line,
You better believe this is the changing of time,
This is the turn of the century,
For the last time I'm saying goodbye,
This is the end, this is the end of all your wasted lies,
You better believe this is the changing of time,

This is the turn of the century!
