

Thorn In Your Flesh

Omen

Feel it stabbing in the air
You talk to me of reasons
 Why you don't care
You're always pushing harderI can't get no rest
 If I could just remember
Remember my name'Cause I'm the thorn in your flesh
Yes, I'm the thorn in your fleshCall of the wild keeps you there
 Oh, well, I guess I'm the last of things
 To do on your list
You keep on counting higherAnd if you get any lower
 I guess you'll blast away
What's left of my brain'Cause I'm the thorn in your flesh
Yes, I'm the thorn in your fleshI never had me no place to roam
 I never had a thing of my own
 Now you fill me up with your fire
Let me feel desire'Cause I'm the thorn in your flesh
 Yes, I'm the thorn in your flesh
