In Time

Zero 7

All the words are calling
Got time on my own
There's no destination
Wondering whether I'll feel it againKeep my hands off the wheel
'Cause there's nowhere else to goTake some time just hang around awhile
Like to sit this silent moment out
I don't wanna lose or let you down
Time's just gonna change itself aroundThe autumn leaves are falling
Falling down on me
And there's nothing I can do and there's nothing I can say
That's gonna change the way I feelKeep my hands off the wheel
'Cause there's nowhere else to goTake some time just hang around awhile
Like to sit this silent moment out
I don't wanna lose or let you down
Time's just gonna change itself aroundTake this time just hang around awhile
Like to sit this silent moment out
And I don't wanna lose or let you down
Time's just gonna change itself, change itself aroundI feel it's true all alone without you
I feel it's true
'Cause you're running with the wind
And you're running with your life
Won't you come inside? InsideKeep my hands off the wheel
'Cause there's nowhere else to goTake some time just hang around awhile
Like to sit this silent moment out
I don't wanna lose or let you down
Time's just gonna change itself around
